This application is in condition for allowance except for the following formal matters:

See below.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

The disclosure is objected to because of the following informalities: On page 1 line 5, the status of application '539 should be updated to include the issued patent. ON page 18 line 27 "Na2SO4" should be changed to "Na₂SO₄". See line 18 in comparison. In line 28 "in vacuo" should be italicized. On page 25 line 28, does "CAT" refer to catalase? From the description on page 23, it appears that applicants are referring to this enzyme. If so, the acronym should be defined as such on page 25 line 28.

Appropriate correction is required.

Applicants' TD, file 10/30/07, according to PALM EXPO, the electronic summary of prosecution history, was approved on 1/14/08. However, the approval has not yet, as of this writing, been made of record in e-DAN, the electronic file for the case.
